### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this Examiner's amendment was given in a telephone interview with Attorney Darien K. Wallace (Reg. No. 53,736) on September 19, 2007.

The application has been amended as follows:

- 10      • In re independent claim 11, starting on line 12 after "...has failed" insert:  
            "and wherein the clock controller decouples the system clock input lead  
            from the second clock circuit and couples the system clock input lead to  
            the third clock circuit"
- Cancel dependent claim 15.
- 15      • In re independent claim 19, starting on line 14 after "...is inadequate"  
            insert:  
            "and wherein the means couples the system clock input lead to ground  
            after decoupling the terminal from the system clock input lead and before  
            coupling the second clock circuit to the system clock input lead"
- 20      • Cancel dependent claim 21.

### **DETAILED ACTION**

This Office Action is sent in response to Applicant's Communication received July 25, 2007 for application number 10/764,391. The Office hereby acknowledges receipt of the following and placed of record in file: amended

5 claims 1-23 are presented for examination.

#### ***Response to Arguments***

Applicant's arguments, see REMARKS, filed July 25, 2007, with respect to independent claim 1 have been fully considered and are persuasive. The  
10 rejection of independent claim 1 has been withdrawn.

#### ***Allowable Subject Matter***

Claims 1-14, 16-20, 22 and 23 are allowed.

The following is an Examiner's statement of reasons for allowance in re  
15 independent claim 1: Applicant argues (see REMARKS, filed July 25, 2007) that Bongiorno (U.S. Patent No. 6,292,045 B1) (hereinafter referred to as Bongiorno) does not disclose "coupling a third clock circuit after decoupling a second clock circuit after coupling the second clock circuit after decoupling a first clock circuit." Having taken these arguments into consideration, the rejection (as noted  
20 hereinabove) has been withdrawn. Furthermore, the above-argued limitation could not be found, either singularly or in combination, in further Examiner's search. Therefore, independent claim 1 and dependent claims 2-10 are deemed allowable.

Likewise, independent claim 11, after above Examiner's amendment, comprises similar limitations and is also deemed allowable. Further, dependent claims 12-14 and 16-18 are also allowed.

5 Likewise, independent claim 19, after above Examiner's amendment, comprises similar limitations and is also deemed allowable. Further, dependent claims 20, 22 and 23 are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled  
10 "Comments on Statement of Reasons for Allowance."
